CHAPTER 21... AUTHORITY OF A PRAYING WIFE

It is already 3am. She could not just gather herself to sleep. She was still deep in thought. Is it true? Can it be true? Is it a dream? Is the text message sent to a wrong number? But my husband's name was mentioned. Who could this be? Who is vera? Many questions, no answer.

This was the situation Mrs. Eze found herself few months ago. There was a happy family, blessed with three kids. They were the envy of neighbours who consider them happy and rich. But this happiness ceased from that Wednesday afternoon.

That fateful day, her husband left Lagos for Porthacourt in the morning and forgot his handset at home. When she arrived from her shop, she picked it and kept it in the room. Not quite long after, the phone rang to indicate the arrival of text message. On accessing it, she read this message that turned her beautiful life upside down.

“Jude honey, the doctor's report is out. Guess what? It confirms that I am carrying your baby (I believe he is a boy). I am the happiest woman on earth and you are the sharpest shooter. Yours Dearest, Vera”

Around 6am the following day, another message came that removed all doubts about the first one. It reads:

Sweetheart,

“I have been expecting your call since yesterday. Can you come directly to my house on your way from Port-Harcourt? At least, you've told the old woman in your house that you will not arrive until Sunday evening. Your baby is waiting and dying. Come, please come! Your lover girl, Vera” At this stage, Mrs. Eze collapsed. It was a neighbour that rushed her to the hospital. They are called “mistresses”, “strange women”, “concubines”, “husband snatchers”, girlfriends”.

When a man sleeps with women other than his wife, it goes beyond the intercourse (i.e a male genital organ fusing into that of the female) it affects a lots of things- the life of the man, his job, his marriage, his family, his focus and above all, his relationship with God.

In this age of technology, infidelity is fast becoming a norm. Technology as we call it, has made it easier to hook up with sexual partners via mediums like the pornography, social sites like facebook, and this has eventually destroyed homes.

Recently, I was in Abuja for a marriage seminar. As soon as the programme ended, lots of women sought my attention for counseling. It was shocking to discover that 50% of the women who came for counseling, wanted insight on how to deliver their husbands from strange women. This led me into writing this book with the purpose of teaching women how to protect their marriages so we could stop this demonic trend.

Infidelity is a marriage killer. not it affects both the man and the woman but it has been discovered that men are more prone to it because of the high rate of desperate single ladies.

No man is immuned to extra-marital affairs; this is the reason you ‘need’ to learn how to protect your husband and not act foolishly. (Read Proverbs 14:1)

The likes of John Terry (former England skipper), Tiger Wood (The world number one golfer), Bill Clinton (former president of the United States of America) to mention a few, have had their careers badly affected as a result of alleged of illicit affairs. Hence, this is a wakeup call to all women.

You cannot afford your husband joining the list.

Don’t drop this book until you finish reading it. The best compliment you can give us is to introduce this book to other women.

No strange woman will be able to snatch your husband after you have received wisdom to protect him in Jesus name.

Shalom!

CHAPTER 1:

TWO KINDS OF WOMEN

Since there is no vacuum in nature, every woman falls into two categories, the “proverbs 7” woman and the “proverbs 31” woman.

1. 'PROVERBS 7' WOMEN.

The kind of women I call "Proverbs 7" women are strange women. They destroy men, no matter how highly placed the man is. I call them "proverbs 7" women because the whole of proverbs chapter 7 was devoted by God to expose them, let us check it out:

"My son, keep my words, and lay up my commandments with thee. Keep my commandments, and live; and my law as the apple of thine eye. Bind them upon thy fingers; write them upon the table of thine heart. Say unto wisdom, Thou art my sister; and call understanding thy kinswoman: That they may keep thee from the strange woman, from the stranger which flattereth with her words.

For at the window of my house I looked through my casement, And beheld among the simple ones, I discerned among the youths, a young man void of understanding, Passing through the street near her corner; and he went the way to her house, In the twilight, in the evening, in the black and dark night And, behold, there met him a woman with the attire of an harlot, and subtil of heart.

She is loud and stubborn; her feet abide not in her house:

Now is she without, now in the streets, and lieth in wait at every corner. So she caught him, and kissed him, and with an impudent face said unto him, {with...: Heb. she strengthened her face and said) I have peace offerings with me; this day have I paid my vows. {I have...: Heb. Peace offerings are upon me}

Therefore came I forth to meet thee, diligently to seek thy face, and I have found thee. I have decked my bed with coverings of tapestry, with carved works, with fine linen of Egypt. I have perfumed my bed with myrrh, aloes, and cinnamon. Come, let us take our fill of love until the morning: let us solace ourselves with loves.

For the goodman is not at home, he is gone a long journey: He hath taken a bag of money with him, and will come home at the day appointed. {with...: Heb. in his hand} {the day...: or, the new moon}

With her much fair speech she caused him to yield, with the flattering of her lips she forced him.

He goeth after her straightway, as an ox goeth to the slaughter, or as a fool to the correction of the stocks; {straightway: Heb. Suddenly). Till a dart strike through his liver; as a bird hasteth to the snare, and knoweth not that it is for his life.

Hearken unto me now therefore, O ye children, and attend to the words of my mouth.

Let not thine heart decline to her ways; go not astray in her paths.

For she hath cast down many wounded: yea, many strong men have been slain by

her. Her house is the way to hell, going down to the chambers of death. (Proverbs 7:1-27) These are the women I want you to protect your husband from “She hath cast down many wounded, yea many strong man have been slain by her”.

Don't allow them to wound your own man; don't allow them to slay your beloved husband. “Her house is the way of hell, going to the chambers of death”.

Do everything within your power to protect your husband. A wise woman builds her home but a foolish one pulls it down herself. In this book, I will be teaching you how to build and protect your home. Study this book thoroughly and get wisdom for the good of your family. To protect your home, you must become the second kind of woman, which I call: 2. PROVERBS 31 WOMEN.

“Who can find a virtuous woman? For her price is far above rubies”. Proverbs 31:10.

This kind of woman, unlike proverbs 7 woman, is an exceptional woman, a great wife, a rare gem, her qualities are incomparable. Hear what the Bible says about her: “The heart of her husband doth safely trust in her, so that he shall have no need of spoil. She will do him good and not evil all the days of her life. She seeketh wool, and flax, and worketh willingly with her hands.

She is like the merchants' ships; she bringeth her food from afar.

She riseth also while it is yet night, and giveth meat to her household, and a portion to her maidens. She considereth a field, and buyeth it: with the fruit of her hands she planteth a vineyard. {buyeth: Heb. taketh} She girdeth her loins with strength, and strengtheneth her arms. She perceiveth that her merchandise is good: her candle goeth not out by night. {She...: Heb. She tasteth} She layeth her hands to the spindle, and her hands hold the distaff.

She stretcheth out her hand to the poor; yea, she reacheth forth her hands to the needy. {She...: Heb. She spreadeth} She is not afraid of the snow for her household: for all her household are clothed with scarlet. {scarlet: or, double garments} She maketh herself coverings of tapestry; her clothing is silk and purple. Her husband is known in the gates, when he sitteth among the elders of the land. She maketh fine linen, and selleth it; and delivereth girdles unto the merchant.

Strength and honour are her clothing; and she shall rejoice in time to come. She openeth her mouth with wisdom; and in her tongue is the law of kindness. She looketh well to the ways of her household, and eateth not the bread of idleness. Her children arise up, and call her blessed; her husband also, and he praiseth her. Many daughters have done virtuously, but thou excellest them all. {have...: or, have gotten riches. Favour is deceitful, and beauty is vain: but a woman that

feareth the LORD, she shall be praised. Give her of the fruit of her hands; and let her own works praise her in the gates". Proverbs 31:11-31

Do you want to win your husband? Do you want to protect him? Do you want to be the only woman in his life? Do you want to make him yours forever? Relax! as I uncover the secrets on how to protect your husband from strange women.

CHAPTER 2: TYPES OF STRANGE WOMEN

You need to be aware of the different kinds of "other women" that exist, so as to know how to protect your own husband from them because the strategies of handling them are not the same.

1. Unknown other women. These ones are the most difficult to handle among strange women. There's no definite strategy in handling this situation as she may be in a different town. She may be someone your husband met on the Internet, during his vacation, at a business seminar or training. She might even be someone close to you.

The only thing you can do to protect your husband from this kind of woman is to pray, build a good home, satisfy your husband sexually, and be a good wife. After you must have done these, leave the rest to God and continue to trust your husband until you have tangible reasons not to do so.

2. Deceived strange women. This kind of women may have innocently involved themselves in an affair with your husband thinking he's still single. This often occurs when the marriage is still young and he refuses to see himself as a married man. He lives like a Casanova; deceiving many with his sugar-coated tongue. If this is the case, it is better for the wife to inform the deceived lady that the man is married with kids. This should be done politely and with all wisdom.

It is also necessary to visit your husband's place of work, be friendly to his colleagues, so they can bear in mind that he is a married man and treat him as such.

Also, encourage your husband to always wear his wedding ring. The reason some men don't wear their wedding rings, identify with their wives in public is simply to deceive other women so as to be engaged in illicit affairs with them.

3. Desperate other woman. These are also difficult to handle. They are aware that the man is married but still want to have him no matter who is affected. They are ready to do anything to outplay, outshine or outdo the woman at home who may not even know about the existence of the other woman. This kind of women will go extra-mile to achieve their aim. They are ready to give the man sex at its best, prepare sumptuous meals, and go diabolical or commit murder just to ensure

they hook the man they want.

To handle this category of women, you need serious prayer, patience and wisdom. If you stress or fight a man who is getting the best from a desperate woman outside, you have just finished that home. He would go ahead to divorce you and marry his mistress. If keeping your marriage is your aim, all you need is to go on your knees and deliver your husband from this strange woman.

4. Confrontational other women. Ordinarily, “strange women” help men they have won make the relationship secret. That is why they allow men to come to their houses, meet them in obscure hotels, call discreetly and they avoid visiting the houses of these men. But we have some of them who can be daring and confrontational; they are even ready to fight the wives of their men, some call wives to abuse and harass them. When things get to this level, the wife needs serious prayer, caution and wisdom. There is tendency for the woman at home to go all out to fight her husband. The more she does that, the more the man gets convinced that the other woman is better. Do not play into the hands of the other woman, her strategies is to provoke you so that you can push your husband away thereby giving her the chance to win him over.

5. Seductive other women. These are women who are all out to seduce men (read proverbs chapter 7). They achieve this through their sweet words, actions, kindness, dressing, association, etc. You need to continue to pray for your husband; protect him on your knees; pray to God to reign in his heart and rule in his life.

6. Close - by other women. These are women in the neighbourhood, girls in the church or friends of the wife. Women should be careful of unnecessary closeness of other women with their husbands. This does not mean you should be suspicious of every woman who comes near your husband. Nevertheless, you should know the limit to which you can trust people around you. Encouraging your friends or a young and beautiful girl in the neighbourhood to stay in your house in the name of helping your husband with the kids while you are away can be a cheap way to help him start an affair; he never envisaged. How can you go to a party or vigil leaving your visiting friends alone with your husband at home. Is that trust or foolishness?

7. Day to day other women. These are women men have to meet every day due to their work or profession. They can be colleague, customers, clients, patients (to a doctor), contractors, students (to a lecturer/teacher), counselee, etc. In the case of a colleague in the office, she may even be sharing the same office with the man. Hence, she spends longer time with the man everyday than his wife; creating closeness and sometimes unholy intimacy. Office romance is very rampant these days. As the wife, your strongest weapon, which I place emphasis on is prayers.

Make it a point of duty to visit your husband's office once in a while. This would serve as a reminder to his colleagues that he is married. This does not negate the essence of being friendly with them so that they can even fight to help you protect your marriage in your absence. Also, to overcome the prevalence of day to day strange women, make the house conducive for your husband.

Most men these days feel more comfortable at work rather than at home.

This should not be the case with your husband. Give him reasons to rush back home to a wonderful wife everyday. Let him be proud of you; love and always crave to be with you.

8. In-house other women. This can be your house maid, nanny, any girl who stays in your house. It can even be your own sister. I will place more emphasis on the house maid in subsequent chapters of this book. Let me warn you against any girl who stays with you. Ensure that everyone dresses well in your house and also ensure they sleep in their rooms. If you have only one bathroom at home, don't allow them to spread their underwears in the bathroom; let them take their underwears to their rooms, by all means; protect your husband; **MEN ARE MOVED BY WHAT THEY SEE.**

EFFECTS OF STRANGE WOMEN ON FAMILY LIFE

Presence of strange women in family breaks trust, existing bond, destroys intimacy, and engender hurts. Family harmony is annihilated and matrimony is turned to 'matri-agony'.

1. It can lead to a bad marriage. As joy is removed and hatred takes over, the marriage deteriorates and the family is left hurt.
2. Untimely death. An immoral man is open to untimely death, turning the innocent wife to an early widow.
3. Wife battering. It can turn an hitherto loving husband into an aggressive man who kicks and punches his wife.
4. Sexually transmitted disease. It can expose both the husband and the wife to STDs, like Gonorrhoea, syphilis, HIV, etc.
5. Death of intimacy and unity. Infidelity breaks togetherness, fondness, and oneness. It destroys unity and intimacy and creates grief between a man and his wife.
6. Encourages alcohol, drug and wrong association. Inordinate affections and

wine are known to go hand in hand.

7. Can lead to poverty. Infidelity encourages frivolities. It takes a lot to maintain a mistress, pay hotel bills, to treat STDs, etc.

8. Family abandonment. Lots of men abandon their family for their mistresses. I know a man who deserted his wife and eight (8) children because of a strange woman.

9. Death of spiritual life. Immorality leads to enmity with God, loss of spiritual intimacy, ministering angels and ultimately loss of eternal life.

10. Polygamy. Secret relationships can grow till it becomes an illicit marriage known as polygamy.

11. Loss of focus. It can make a man lose focus of his vision, family and relationship with God. It leads to destiny crash and life destruction (Proverbs 31:3)

12. Bad example for children. Children of immoral men are likely to be chips off the old block, thereby becoming bad husbands and fathers while their daughters may find it difficult to trust any man.

13. Danger of progressive sin. Adultery walks simultaneously with lying, abortion (murder of unborn child), stealing of money in the office to maintain an extravagant and immoral life style.

14. Sword in the family. Just like sword entered the house of David when he committed adultery with Bathsheba, 21st century adulterers call for judgment of God upon themselves and the woman they are involved with. The resultant effects are agony and tears for their wives and children.

CHAPTER 3: TYPES OF AFFAIR

There are many faces to infidelity and an apt knowledge is essential in protecting your husband or even delivering him from the tight claws of strange women.

1. Commercial show. This affair exists between a young husband and an elderly woman who is wealthier than the man or in a higher position. She may be his boss or just a rich 'sugar mummy'. Contentment is the only way you can protect your husband. Be content with whatever he provides while you keep praying that God increases him. If you turn him into a "gigolo" because of your greed and excessive demands, you will have yourself to blame. If at any time, you discover the spirit of greed and "Get-rich-quick" syndrome in your husband, begin intensive prayers because these traits can make him vulnerable to illicit

relationship with any available “cash madam”. Consistently assure your husband that you are satisfied with his present level and encourage him to keep his focus on God.

2. Street Show. When a man picks a lady off the road for a fling or even a one-night stand that is a face of infidelity. Ladies of this kind fall in three

categories:

❖ Professional Prostitutes. These are girls who take prostitution as a career. They will do everything in their powers to ensure that the man returns.

❖ Commercial Prostitutes. These ladies do it for quick cash. You find them at different locations waiting for any man who is willing to give them cash in exchange for their bodies.

❖ “Aristo” Girls. These campus prostitutes have agents who connect them with married rich men commonly called “aristos”.

These men take the girls out to wild parties, sleep with them and then pay them for their services.

To be sincere with you, once a man descends to the level of “street show”, it will take only God to bring him back. This is the highest level of infidelity. He has thrown caution away, blown his credibility and thrown his integrity to the wind.

At this stage, a wise woman will only pray and appeal to his conscience. With aggressive prayers, things will turn around.

Remember, with God all things are possible.

❖ One-night stand. This usually occurs only once. The man could have fallen into an illicit relationship through carelessness but he is remorseful and repentant. This is the easiest to handle among all affairs, because most of the time; the man is ready to cooperate with God to restore him. A dear pastor I know once fell into this kind of affair with a member of his church, due to his closeness with the lady. When it happened, he confessed to his wife, stood before the whole church and confessed his sins. I was not surprised to see that he was totally restored.

❖ Secret Show. Most affairs thrive in secrecy. In fact, like ‘stolen waters’ the secret involved is part of the fun. For this cause, I have dedicated a chapter on discovering the truth and not being in the dark forever.

❖ Open Show. In the course of time, people involved in an affair may stop

caring about who is watching or hunting them. By this time, their consciences are dead, their mind made up and they no longer have the fear of God. They are ready to abandon their spouses, children, businesses, etc. Nobody matters to them except their new found partner. The wife of this kind of man has to be very prayerful and trust God for restoration. Pray till God strips the blindfold off your husband's eyes. We have heard many testimonies of situations like this that the Lord restored.

❖ Live-in-Show. At this stage, the man can move into the house of the single lady or they may decide to get another apartment and stay together. The legal wife is forgotten and the children abandoned.

❖ Multiple affairs. The boredom the man was trying to escape from appears at this time. He realizes that the thrill and pleasures are over, then decides to return to his wife and family or still goes in search of yet another woman.

❖ In-House Show. This involves infidelity on the matrimonial bed. This mostly involves somebody who is very close to the family, wife's friend, house maid, etc.

CHAPTER 4: STRATEGIES OF STRANGE WOMEN AND HOW TO COUNTER THEM

The Bible says “.....for the children of this world are in their generation wiser than the children of light” (Luke 16:8) 185 | P a g e

Strange women, mistresses are known to apply worldly wisdom to win and keep people's husbands while wives are known to be careless about what happen to their marriages and their husbands. In this chapter, I will be telling you strategies of these strange women and why men easily fall for them. Have you ever given it a thought that some of them are not even as beautiful as their wives at home, yet; men will abandon their beautiful wives and loving children and go after them? I also advise you to read Proverbs 7 again. Here, I want you to take your time to know the things these ungodly women possess and do to get men hooked.

1. Pleasant words and flattery. They are known to be smooth talkers, full of flattery and adulation. They praise their men to high heaven. Since men love to be praised, they easily fall into the hands of these women.

What you can do: Appreciation, praise and motivation- Strange woman are not too good in appreciation because they believe they work for what they are getting from the man, your husband will always appreciate you, praise him and motivate him, never pull him down with your words but lift him up.

What most wives are doing: They nag, abuse, complain, and criticize their husbands, thereby pushing their husband to these immoral women.

2. Pseudo-Peace. They make their men to be at peace with him, no complains, no stress, no struggle, no malice. This makes men to feel these other women are better in character than their wives.

What wives are doing: They declare war on their husbands, they compete and fight right at home, they make the home to look like a battle field making the man to look like a refugee in his house.

What you can do- Give your husband peace and rest at home. Don't fight him, you can't win him by fighting him, avoid quarrel instead dialogue why fighting the battle you cannot win?

3. Deceitful Heart. While they flatter their men, strange women have other plans, they are so deceitful and crafty. They can say anything just to get what they want. They don't care how far they go with a man just to have their ways.

What wives are doing: some wives are so deceitful too. They tell lies and are dishonest. What to do: be truthful, honest and straight forward. Let your husband trust you; even if he is not trust worthy himself. Instead of been crafty, be wise and use the wisdom of God to win your man.

4. Understanding the needs and weaknesses of men. Strange women understand how to get men. They know that men are moved by what they see, and are touched to the very heart when they are praised. These women know that a peaceful disposition, cleanliness, good dress sense, romance, good food are the things a man wants. Equipped with this knowledge, men flock around them.

What wives are doing: many wives are ignorant of these needs.. They do virtually the opposite of what men want.

What to do: A general understanding of men's needs is not sufficient.

Take time to study your husband. Be a student of his needs; learn them and use them to win him. Be wise; get a copy of my book: TEN

COMMANDMENTS FOR WIVES for more on this.

5. Good food. They invest time and efforts in preparing great meals for men.

They understand that men generally love good food.

What wives do: Wives cook only to fill his tummy, while strange women cook to touch the heart of the man. Some wives are careless if he enjoys the food or not, not making sure the food is delicious. They don't care whether the food is alright or not. They have forgotten that the road to a man's heart

is through the kitchen door and the hands that feed a man owns the man. Many wives are bad cooks who have not improved beyond what they learnt from their mother. They prepare jollof rice in such that it will look like "popcorn". That is why they are losing their husbands to women who can cook better.

What to do: Learn better ways of cooking; improve everyday, your food must be tasty, timely and balanced. You must be innovative, learn new recipes, and present his food as you would do to a king. Treat him like an august visitor at the dining table. Make him happy always.

6. Alluring eyes. Strange women take good care of their faces so they would appear attractive, exciting and desirable. Their outlooks receive attention from men because they are beautiful.

What wives are doing: Most wives are careless about their faces; they don't desire to look beautiful. In fact, most look older than their real age because of their carelessness and failure to give attention to their faces.

What to do: Take good care of your face. Somebody once said that the face of a woman is the definition of her beauty. You must take good care of your face in order to keep your home.

7. Beautiful Hair. Hardly can you see any of these women without good and attractive hair style on their head. They go for the best style that fit their outlook making them looking more beautiful and exciting.

What wives are doing: Majority "forget" to take good care of their hair or are too busy over the weekend to do something about it. I met a married woman recently who left her hair unattended to for more than two months. According to her, she was too busy to attend to her hair.

Guess what? Her husband is already going out with his beautiful looking secretary.

What to do: For the sake of your home and to keep your man away from wolves who call themselves women, take good care of your hair. Your hair is your crown, don't neglect it. Apart from your face, your hair is one of the first things your husband will see and it defines how beautiful or ugly you will look. Go all out to give yourself a new look by giving good attention to your hair.

8. Good dress sense. These women are known to have good dress sense. They are not only dressing to win men, they are dressing to keep and “kill”. They dress in such a way that will make men keep coming back to them.

What wives are doing: A lot of wives are bad dressers; some will tie wrappers around their body throughout the day. Some wives are found in awkward colours; dirty underwears and night wears. In fact, some wives’ mode of dressing is a “turn off” for their husbands.

What to do: Be a good dresser. Dress to make your husband happy, dress to make him your own. Your in-door wears should be as important as your outing wears. Dress neatly even if you are not going out. Ensure that your colours match when you are going on an outing. Your underwear should be clean, neat and new and you must also match the colours of your bra and pants. Although outsiders may not see it, the most important person (your husband) should see it. Don’t be foolish; let him see the best in you when you undress. Also wear romantic underwears, not bra and pants that make you look like a wrestler. Even in pregnancy still look romantic and exciting.

9. Friendship. They present themselves as friends and lovers. They give love, care, and kindness. They give gifts and good piece of advice to their men. They paint a picture that they are the best women in the world.

What wives do: Many present themselves as their husband’s opponent. Some even present themselves as sworn enemies, rivals or competitor.

This attitude only pushes their husband out to find succor.

What you must do: Don’t just be your husband’s wife, be his confidant and companion. Let him see you as a friend. Take good care of his interests; spend time with him not just with your baby. Listen to him, laugh to his jokes, plan with him, praise and motivate him.

10. Hero-worship. A wife may despise her husband but a strange woman will treat him like a hero. She will so worship him till he begins to feel he is more than who he is. This will make any man come back to that woman, even if his wife is more beautiful than the strange woman.

What wives do: Many wives can respect any other man except their husbands, but the strange woman massages the ego of a man. Any woman who abuses her husband’s ego, nags him, tell him she regrets marrying him, compares her husband with the neighbour, complains, criticizes or condemns him is only preparing the stage for the other woman.

What to do: The first thing every man wants from his wife is respect. Yes, he wants you to respect him as the head of the family, even if you are age mates or even older than he is. Massage his ego, hail him, treat him as a king, the president of your house, the emperor of your romance empire. Praise him, tell him he is wise, brilliant, strong, great, rich, etc. Tell him you trust him, believe in him, admire and respect him. Let him feel welcome in his house; make sure your family, friends, neighbour, siblings and children respect him.

11. Romance. Strange women are known to be romantic and terrific in relationships, nobody can take that away from them. They are romance experts.

What wives do: many wives know little or nothing about romance. I have heard husbands who complain that their wives hardly initiate kissing and when they initiate one, it is as if these men have committed crimes. Hardly can you see them hugging their wives because their wives get annoyed if

their husbands touch their breasts in public. I don't know if these breasts are just meant for decoration or identification.

What to do: Be romantic, kiss your husband, hug him, surprise him, touch him, let him feel you are a romantic wife.

12. Diabolical things. Strange women can be diabolical. They can do anything to win and keep a man. They don't mind spending thousands of Naira or Dollars to get anybody they desire.

What wives are doing: They are careless with their spiritual life till their husbands are snatched by strange women.

What to do: instead of going diabolical to win and protect your husband, be prayerful and watchful.

13. They are terrific in the bedroom. This is the climax of the whole thing. Strange women are extraordinary in the bedroom. They are creative, seductive, inviting and exciting. They are ready to do everything in the bedroom to make a man forget his residential address. They go the extra mile to give a five-star performance in the bedroom, giving the man the best sex of his life and putting the following into practice, they have any man for keeps:

- Involvement. They are involved in sex, from the beginning to the end
- Communication. They communicate their needs, pleasure and enjoyment to the men as they have sex.

- Dressing. They dress seductively to make the man call for more.
- Styles. They employ different styles and creativity.
- Frequency. They are ready any time.
- Sexual feedback. They call the man, send e-mails or text messages after love making to praise him for a job well done.

What wives do: If there is any place besides the kitchen, where wives are failing, it is the bedroom. Lots of wives are total failures in the bedroom.

Most husbands complain that they are not sexually fulfilled. This is inevitable when most wives are never involved in foreplay. Some just lie down with non-challance when love making is taking place. There are those who refuse to perform any other sex style apart from the missionary man on top method.

What to do: To be sincere with you, there is no way you can win the heart of your husband unless you warm his bed. Give him good sex; don't be too spiritual to do this.

CHAPTER 5: SIGNS THAT YOU ARE LOSING YOUR HUSBAND

Waiting till your husband starts sleeping around to connect to him may be too late. There are early signs a man will give if he is not satisfied with you. If you discover them in your marriage, quickly take action before the man becomes totally uninterested in you. These signs include: 1. His Silence. He suddenly talks less to you or your children. He answers your questions with a mono-syllable, will not really greet you. If you do greet him, he will answer casually.

2. Your Words Irritate Him. If you play or talk to him, he feels you are disturbing him. He doesn't like being 'disturbed' when at home. He will only keep to himself.

3. He spends longer time outside than at home. He prefers staying at office, church, with friends than to be at home even on weekends and public holidays.

4. He doesn't laugh at your jokes. Nothing you say amuses him even if it makes others fall into fits of laughter.

5. He separates rooms. He moves out of your bedroom or he may ask you to move out with excuses that he wants to have time to pray think or meditate.

6. He avoids praying with you. You've been praying together before now but he suddenly avoids praying with you. He just loves to do his own thing.

7. He doesn't play with you. He stops playing with you or crack jokes as he does to other.
8. He becomes unpredictable. You can't predict him, you don't know his mind, and you don't know his schedules.
9. No more caring. He doesn't care about your welfare and that of the children anymore. He becomes non-challant to the welfare of the home.
10. He becomes difficult. He becomes difficult to relate with. Little things annoy him, and nothing you do seems to satisfy him or make him happy.
11. He complains about you and the children a lot. He complains practically about everything. If your soup has much pepper, then it is salty, if it is not too watery, it definitely is too thick.
12. He rejects food regularly. He regularly leaves his supper untouched, or rejects food in fits of anger.
13. Frequent quarrels. He picks quarrel too early, fights you about everything or shouts at the slightest provocation.
14. Love is Lost. He shows or says he does not love you again. He does not display any affection or gives you attention.
15. Sex life is suffering. He doesn't call you for sex again and if you try to make him do it, he gives an excuse that he is tired or fasting. What you normally do to "turn him on" before seems not to work again. If he does sleep with you, he will do it mechanically without love, passion or enjoyment. He just does it out of duty or to have sexual release.
16. He doesn't have any respect for you any longer. He is fond of embarrassing and abusing you. He does everything to make you miserable.
17. He becomes a night crawler. He goes out early and comes home late at night every day of the week.
18. He stops going to church. Nothing about God moves him and he has lost passion for the things of God.
19. He stops partaking in the family altar. He doesn't take the lead in the family altar again, even if you motivate him, he will not be part of it.

WHAT TO DO:

Don't overlook any of these signals, take it very serious, do the following fast.

- Pray. Pray aggressively. Tell God about your fear and observations; tell God what you want Him to do. Commit the heart of your husband into the hands of the Lord.
- Try to talk to him in love. Don't shout, nag, cry, abandon or withdraw your love from him. Make efforts to talk to him wisely, with caring eyes and loving tones.
- Be positive. Never become negative; it will only make him to become more difficult. Rather, show him love and care. Show maturity; behave like a mother. Continue to meet his needs as you pray to God to touch him.
- Be patient with him. As the Lord is working on him, be patient.

The result may not come in days or weeks but with patience, it will surely come.

- See a counsellor. Avoid reporting your husband to your friends, who will teach 101 ways to punish your husband. Rather, talk to marriage counsellor or a trained clergy who will teach you what to do. Don't give up, your reward is knocking. Your testimony is coming. Make the Holy Spirit your senior partner in that marriage.

Your testimony is the next.

CHAPTER 6: ANATOMY OF AN AFFAIR

I want you to know how affairs normally begin so as to know how to nip it in the bud.

❖ STAGE 1- EGG DEVELOPMENT STAGE

Development of loose bond. A man and a lady (both or one of them may be married), may need to meet regularly for the purpose of their jobs or assignment. During these meetings, if their discussions begin to shift from the original reason of meeting, to personal issues and they start finding pleasure and succor in each other, an affair is in the making. This stage is known as egg development stage.

❖ STAGE 2- EGG LAYING STAGE

At this stage, they start to enjoy each other's company. Though their meeting is still based on their original or official goals, but they spend most of the time talking about other things. They are more friendly and free with each other; look

forward to meeting each other every day, and even enjoy going to the office on weekend just to be together.

❖ STAGE 3- EGG BREEDING STAGE.

They make their love for each other secret. Though they think people do not notice, the actual truth is that there is really no secret. As soon as anyone comes close, they change their topics and carry on as if nothing is happening.

❖ STAGE 4- EGG HATCHING STAGE.

This is the dating stage. They spend their lunch break together, spend longer time with each other and go to scheduled places for their lunch.

❖ STAGE 5- COCK CROW STAGE.

This is sexual involvement stage. They go full blast into climax stage as they engage in sexual intercourse and degenerate into high level affair. As a wife whose husband is involved in such an illicit affair, if you are observant, this act will not get to stage five before you know something is wrong with him, nobody is perfect enough to hide an affair from a careful and observant woman.

Don't close your eyes and allow things get out of hands before you seek help. Most women who come to us for help do it when the affairs has entered stage five and unless the man is repentant there is little a counselor can do to help other than to pray along with you.

CHAPTER 7: EASIEST WAY TO HAND OVER YOUR HUSBAND TO STRANGE WOMAN

It does not take a genius to destroy a marriage. It doesn't take expertise to make a mess of a home. It does not take special knowledge for a woman to hand over her husband to strange women. All that is needed is a little bit of foolishness, indiscretion, stubbornness, unguarded mouth and a caustic character. But here, I will be showing you little things you can do to make you mortgage your marriage and hand it over to women who are waiting with wings to take over your home. These are some sort of summary and if you are wise, avoid them. But if you are interested and prepared to give any woman a taste of your husband, do the following:

- ✓ Let your friend be closer to your husband than you.
- ✓ Allow your friend to accompany your husband to that party if you are too busy to go
- ✓ Allow your maid to cook all his meals, serve his food, wash his cloths and underwears and lay his bed.

✓ Tell your friend how rich; generous, romantic and solid he is in the bedroom.

✓ Encourage your single lady friend to come and sleep in your house regularly when you travel so she can take care of your children and husband.

✓ Employ a maid who is fully developed very beautiful and ready to get married.

✓ Abuse your husband regularly.

✓ Hate his mother and his family.

✓ Wear dresses that make you look older than your husband's grandmother.

✓ Cook rice; let it look like popcorn. Prepare stew like a lagoon.

✓ Disrespect him always. Embarrass him anywhere, anyhow.

✓ Deny him sex regularly; always ask him, "Is it food?"

✓ Argue with your husband regularly and make sure you win every argument.

✓ Be selfish and stingy.

✓ Place your career above family.

✓ Always travel and attend parties regularly.

✓

Get a "better job" outside the city where your family lives. (Go to work and come home fortnight)

✓ Keep many girlfriends and let them always come to your house to visit you and sleep in your house.

✓ Keep malice with your husband regularly.

✓ Whenever your husband offends you, go on strike. Stop cooking; do not allow him to sleep with you. Do it until he comes to his senses and prostrates to beg you. Fight for your right.

✓ Send rotten text messages and e-mails to him when he offends you

✓ Do not improve in the bedroom. Make love like a woman of 17th century.

✓ Go on 70 days fasting; don't allow him to sleep with you while you are fasting.

✓ Never spend time with him.

✓ Never appreciate anything he does for you.

- ✓ Nag him regularly, keep malice with him.
- ✓ Condemn him, correct him as you would your child, after all, you are his wife.
- ✓ Never submit to him, at least, you also went to school, earn good salary, you are even as old as he is.
- ✓ You don't allow him to have sex with you unless you feel like.
- ✓ Before you allow him to sleep with you give him a long list of what he should do that will show he is responsible. Whenever you are going to bed dress like a soldier; put on jeans skirt, tight pants, leggings, tie a wrapper round your waist, cover yourself with a blanket and wear a tight bra. This way, you will be able to defend your territory without any intruder coming to destroy your territorial integrity.
- ✓ Allow your house maid to tie a towel loosely and even walk around in the house half-naked.
- ✓ Don't take nonsense from him; make it fire for fire.
- ✓ Be dirty, don't bath regularly at least it is your body not his.
- ✓ Put on dirty underwears, outdated cloths. Don't dress neatly so he will not ask you for sex.
- ✓ Move out of the master's bedroom to another room. Close your door by 8pm and don't open it for him, no matter how hard he knocks.
- ✓ Make sure your beautiful house maid has no room of her own but sleep in the sitting room.
- ✓ Don't take your maid with you when you go to vigils. Let her stay at home to take care of your husband.
- ✓ Employing one or more of these methods will guaranty a lost husband and a broken home. Go the extra mile to keep your home. Be the wise woman; don't allow carelessness to destroy your beautiful home.

Guard your home with wisdom, protect your family with all your strength.

Use divine powers to defend your home. Wield the powers of beauty, good food, adroit dress sense, good communication, care, tenderness, faithfulness, romance, kindness, attention, affection, charisma, understanding and sex to win, keep and protect your husband. Heaven is backing you up, covenant is on your side, go ahead and defend your home. You are not alone; God is fighting your battle.

CHAPTER 8: CAUSES OF HUSBANDS INFIDELITY

We need to know before we go further the causes of men's infidelity so we can get the right solution to it.

1. Carelessness on the part of the husband. Some men fall prey to immoral women because of carelessness. A lot of men are so careless in their dealing with opposite sex, they spend unaccounted time with a single mother, widow or a single young lady who is thirsty for companionship. They easily hug women that are not their wives, they give unsolicited gift, show too much care to someone else's wife, use the word "I love you" carelessly, take ladies out. Men that are fond of doing these are careless in all their ways don't be surprised if they are caught in the web of adultery.

2. Carelessness by the wife. Some women will expose their husband to strange woman through their foolishness, ignorance and carelessness.

Any woman that regularly denies her husband sex is careless, any lady that allows her friend to be too close to her husband is careless, any wife that employs a house maid that is a potential wife is not wise. If you are fond of dressing shabbily and your husband's secretary dresses like a beauty queen you are the one that is putting your home on sales.

3. Indiscipline. Pornography, blue films, immoral books and magazines and other reasons that can make a man go into immoral relationship.

It is a sign of indiscipline, no disciple man will be involve in pornographic materials. If your husband is involve in pornography; better take it up wisely with him and pray aggressively.

4. Bad association. It is easy for a man in a rocky marriage to go astray, though, this is not an excuse for this immoral act but it can easily lead to it. That is why you as a wife that will protect your husband from strange woman should know how to build a better marriage.

5. Electronic Marriage. Electronics marriage is a marriage whereby husband and wife involve are not staying in the same town, they only come together once in a while maybe because of their jobs and relate most of time as husband and wife electronically may be by phones, email, pager, fax, social networking sites, etc. no matter how loud you blow a kiss on phone, it is not really a kiss, it is noise making the best place for husband and wife to be is to be together, failure to be together and sleep together regularly do open both of them (husband in particular) to sexual immorality. Please do everything within your power to live with your spouse; it is not the will of God for you to be an electronic husband or wife.

6. Lack of contentment. Failure to be contented with ones wife is another reason for infidelity, those that are married to slim women are wondering how fat women and dreaming of sleeping with fat women.

It is simply lack of contentment because women are not different no matter their colour, shape or stature. Pray for the spirit of contentment into the life of your own husband.

7. Looking for sexual fulfillment. Some men that are not sexually fulfilled at home thinks of going out for it will get them fulfilled; some do get their death in the process.

Try as much as possible to satisfy your husband's sexual desire, improve and communicate with him for better performance, ask him what he wants in the bedroom and do it for him, don't permit him to go looking for sex outside, give him enough at home.

8. Lack of the fear of God. Majorly, at the root of sexual immorality is lack of the fear of the Lord. No man that fears the Lord will go look for sex elsewhere, no matter the failure of the wife at home. Pray the fear of the Lord into the life of your own husband if you want to live in peace with him.

CHAPTER 9: HOW TO PROTECT YOUR HUSBAND FROM STRANGE WOMEN

A wise woman will do everything within her powers to guard her husband from strange women. How to keep their men and make him constantly satisfied is their major aim; they know that it takes a lot to keep a man but remain undaunted in their efforts to sustain the peace of the home. Here are various ways:

1. Be Peaceful. Live a peaceful life; be a peaceful wife. Every man desires a peaceful home; make your house one. Some wives are combatants instead of companions. Strange women are aware of this, so they pretend to be peaceful and loving. They don't stress these men, which pulls the man's heart to them. As a wise woman, avoid nagging, murmuring, talk-back, bitterness, malice, resentment, hatred, complains, criticism, condemnation, strife, open brawl, abusive languages, shouting, etc.

2. Be homely. A woman who parties, travels, spends longer time outside her home, spends her weekend at work or on any other activity that takes her away from her home, leaving her family in the hands of friends, maids, nannies, neighbour, church members, etc to take care of her home is offering her husband up to strange women on a platter of gold. One of these so called "helpers" could snatch your husband.

3. Be careful. Be very careful! Don't unduly trust any woman! Trust is to be earned. Don't give room for any woman to steal your husband's heart by cooking your meals. Be the cook!

4. Keep good and godly friends. Avoid making friends with people in bad marriages, divorce, separated people or single parents. It is easier for any of these to have an affair with your husband than for a happily married woman to do so.

5. Pack his lunch for him as he goes to the office. My wife, despite her busy schedules as a chartered accountant makes out time to pack my lunch and put it in my car everyday. This eliminates any possibility of going to have lunch with any lady. Striving to do this can save you a lot of future problems.

6. Cook good food. Men generally love food; your husband does. The popular saying "an hungry man is an angry man" is timeless. You can't win the heart of your husband if you can't win his stomach. Become a better cook, and let your husband crave for your food.

7. Live a balanced life. Extra care is needed if you are a wife, mother and a career woman because there is a tendency to live a lopsided life, opening your home for attack. Manage your time wisely. In our book: SECRETS OF AN IRRESISTIBLE WIFE, my wife, in a particular chapter taught women how to balance career, wifhood and motherhood. I suggest you get this book fast.

8. Meet his needs. Study your husband's needs and meet them, he is different from any other man. Don't assume his likes are similar to your father, uncle, brothers or pastors. He is a different man and you have to study him to know his person and get acquainted with his love language. If you must satisfy him, you must be ready to meet his needs.

9. Make your house clean. Let him be happy to be at home. Make your house clean and a happy place to be. A dirty house, dirty kitchen, unflushed toilets, scattered sitting room will put a man off any day.

Let his house welcome him with great colour.

10. Good outlook. Endeavour to keep fit at all times. Remain in shape; don't look like his grandma. By all means, you must strive to maintain your original look. Leaving fat to accumulate, then dragging yourself around sluggishly, just few years after your wedding, is dangerous. Remember; men are moved by what they see. Take good care of your outlook. Look nice, queenly and touchable. Your hair, teeth and dressing are part of your security in that house; take good care of them.

11. Break his wrong associations. One major thing that makes a man go astray is the kind of friends he keeps. Take time to study your husband's friends. Find out their values, and if they are ungodly, go down on your knees to separate them from your husband.

You can't separate them by nagging, condemning or fighting your husband or his friends. You can only do this through wisdom, patience, and aggressive prayers. Remember, your husband is an adult, you can't choose friends for him. All you have to do is to commit him into the hands of his maker.

12. Be romantic. Cultivate a romantic posture. Encourage playfulness, kissing, hugging, humour, togetherness, etc. It will be too foolish of you to discourage your husband from flirting with you. If he touches you, touch him. If he kisses you, kiss him. Romance is part of marriage; men want it, your husband wants it.

13. Be prayerful. Be on the defensive and not on the offensive in your home. Defend your home, protect your husband.

14. Give better sex. Do not be a failure in the bedroom. You must be a performer, an active partner in the bedroom.

CHAPTER 10: SIGNS OF A CHEATING HUSBAND

It is always difficult to hide infidelity from a discerning wife.

Unfortunately, most wives are careless or ignorant of obvious signs affairs even when it is glaring.

Most women do not detect unless they are being told by relatives, confession by their husbands or when a pregnant young mistress comes knocking at their doors.

Jane nearly ran mad when her "dedicated" husband confessed to her that he has been in a steady affair for over four years without her knowing.

Mrs. Jackson couldn't believe her ears when her husband admitted to be the one responsible for the pregnancy of their house maid, with the maid confessing that, they have been sleeping together for more than eighteen months in their matrimonial bed.

Mrs. Adlaide on her own was too shocked to say anything when her

"loving" husband revealed to her that he has been keeping another home somewhere with the other woman having two kids for him.

In my several years in marriage and family ministry, I have seen shallowness or

should I say foolishness of some wives and failure to discern when things are going wrong in their marriages.

Most men will readily stop affairs if it is discovered early. In fact, some wish their wives know, so as to be liberated. When Josephine got to know about her husband's affair and confronted him; she was surprised when her husband lifted his two hands and said, "Thank God, you know at last, I have been praying for this day, I have been in the prison of my sins and 209 | Page

bondage of Juliet for the last nine months, but I can't just get out of her grip and I was too ashamed to tell you".

Here, I will open your eyes to signs of infidelity; let me observe again that nobody is perfect enough to hide infidelity for too long from a discerning partner.

I am not advocating suspicion here, be careful about been suspicious, deal with negative thinking; do not speculate, this signs are just to guide you; the truth is, if you can see some of these signs in your husband that does not mean he is truly sleeping around until you can lay hands on evidence.

careful, you must allow the spirit of God to lead you. If you don't want to destroy your marriage, the truth is you may see some of the "tip-offs" and yet your husband is still faithful, you need to be extremely careful less you spoil a good case by behaving like a baby girl.

CHAPTER 11: WRONG THINGS TO DO WHEN YOUR HUSBAND IS HAVING AN AFFAIR

Most wives normally take wrong steps as soon as they discover that their husbands are having an affair. This pushes most men out of the home or hardens them. You need to be wise and careful if you do not want that affair to end your marriage. Things you must not do include:

1. Open brawl. Fighting the man physically will be one of the foolish things you can do as this will aggravate the issue and make him to feel more comfortable with the other woman. No matter how highly provoked you are, never go into physical combat with your husband because of the other woman. You will be at the losing end.

2. Calling the lady to abuse her. You have no business with the other woman; you should face your husband not the woman. This strategy fails every time. It only makes the man feel sympathy for the other woman.

3. Vengeance. Two wrongs can never make a right. Going into an affair just to pay your husband back in his own coin is not wise. In fact, it is a clear sign of insanity. When you revenge, you even the score but lose, but when you forgive you win.

4. Depression. Through wrong and negative thinking, a lot of women go into depression when their husbands have affairs. This leads to high blood pressure, migraine, stroke and some other diseases which can lead to death. Do you want to die in order to make the other woman happy? No, come out of the situation, wake up girl!

No immoral man is worth dying for, no, not one. Don't allow him to steal your joy. Preach to yourself and get up. Deal with your hurt and bitterness. Do not let them kill you. Do not die before your time thereby allowing the man to marry the other woman.

5. Reporting the man to his friend and family members. The truth is, most times, friends and family are aware of the affair, so reporting to them is not really the answer. His friends are like him; birds of a feather flock together.

6. Going to the house of the other woman to fight her. You have no right to go to the house of this lady to fight her. By law, you will be taken as the aggressor. You may even be prosecuted or the lady and her neighbours can beat you up.

7. Murder. A young woman shot her husband of four years in marriage dead when she discovered he was having an affair. She was arrested and jailed leaving their two kids fatherless and motherless. Don't ever think of killing your husband; you have no right to take anybody's life no matter his or her sins.

8. Separation/divorce. Some women call it quits because of infidelity. If you do this you are a loser. The other woman wins, yes, you lose. DIVORCE IS

NOT THE ANSWER; fight the battle on your knees and with wisdom you will win in Jesus name.

CHAPTER 12: HOW TO FACE A CHEATING HUSBAND

Infidelity need not be the end of your marriage. Though illicit sex can be hurtful, your marriage can still be repaired and restored. To avoid aggravating the hurt you need to confront your spouse wisely. You should not keep quiet forever if you are very sure of your FACTS.

DON'T EVER CONFRONT YOUR HUSBAND BASED ON SPECULATIONS, RUMOURS OR SUSPICIONS, THAT WILL BE DANGEROUS AND CAN CAUSE IRREPAIRABLE LOSS ON YOUR MARRIAGE.

So, get your facts right. Check and cross-check. Don't challenge your husband on something he has not done. The fact that your husband kept the affair secret means he still loves you and wants the marriage to work.

So be wise, be cautious.

Things you will need:

- Grace to handle the case wisely.
- Wisdom to present the case rightly.
- Boldness to say the truth.
- Patience not to act on impulse.
- Self-control not to behave rashly.
- Strong will to handle your hurts and pains.
- Willingness to forgive your husband.
- Bended knees in prayer, asking for all the things stated above.

To be sincere with you, prayer is the last thing that will come to your mind in a situation like this. But it is the most important ingredient you need. You must pray seriously before stating your case and continue to pray for yourself and your husband after confrontation.

STEP 1:

❖ See a counsellor or clergyman. I strongly advise you to avoid listening to your friends, family or colleagues at this time. They may not be objective in their judgment of the issue. Talk to a counsellor who will handle the case prayerfully and professionally.

STEP 2:

❖ Deal with your emotions; don't allow it to take over. Take charge of yourself.

STEP 3:

❖ Re-state your motives to yourself. Your motive should be to restore your husband and repair your marriage. State this to yourself severally. Tell yourself you are not looking for a divorce but a restoration. You will be amazed how this will help you handle the case positively and maturely.

❖ STEP 4:

Look for the right time. Don't discuss it with him when he is on his way to work or about going out. Don't begin the conversation at a time he can walk out on you. That is why the best time to start such discussion is late at night.

Use the right tone. Don't shout at him or raise your voice. Please, no threatening words.

Use the right words. Don't abuse, blame, curse, criticize or condemn him.

Don't cry. Shed all the tears you can before you start the discussion.

Gather yourself together but if you must cry, hold it till you might have said your mind. State your discoveries with your facts; don't hide anything.

Speak the whole truth but in love. Let him know that you are saying this because you love him and you want to save his life and your marriage. Tell him what you think or know and explain how this makes you feel. Explain the things you want in your marriage, listing your expectations for the future. Assure him you still love and respect him, and all you want is a change.

OUTCOMES:

The result of confronting an unfaithful spouse depends on the way the wife presents it and the disposition of the husband.

1. He may admit his error and promise to change.
2. He may feel relieved that you know at last. This will only happen in a situation where he is entangled with a woman he doesn't really want but does not know how to get out of it.

If one of the two situations happens, ask that both of you pray together. Then see a counselor for restoration.

3. He may deny it and accuse you of wrong allegations. This is the most likely outcome. 90% of men are known to deny an affair when they are first confronted by their wives, because of the manly ego. If this happens, there are two sides to the coin:

- ✓ Your facts may be incorrect; your informants may be wrong after all.
- ✓ You may be right but he is just proving difficult.

You have to be patient to know which scenario is playing out in your marriage. In fact, if you are smart, you can detect from his denial whether your accusations are wrong or not. If you are double sure, be patient, the truth will be revealed soon. He may decide to stop the affair because of this or become more careful. But, it won't last long before the truth is exposed.

4. He may admit it, but dare you to do anything you like; he may even ask you to file for a divorce. This kind of situation will definitely be 223 | Page

hurtful, but nothing is beyond God. Serious prayers are essential. Remember, with God, nothing shall be impossible.

CHAPTER 13: HOW TO GET YOUR HUSBAND BACK

No matter the level of your husband infidelity, you can still get him back.

You can make him hate the other woman and return to you, begging you for forgiveness. But you must do the right thing:

- Do not show desperation. Even if you are desperate, don't show it. Take charge of your emotions and stop crying when he is there.

This act seldom moves an immoral man. He may be enjoying your tears and begin to feel too important.

- Stop arguing with him. Putting pressure on him will only make things worse. He may start avoiding you and see you as a nag. Guess who he will go to? You know.....yes, you are right; his mistress, don't give him any reason to leave you for his lover. She is likely to give him rest because she knows she is a mistress.

- Find out what he is looking for outside. You need to know what the other woman is doing better than you. Is it good food, sex, beauty, character, appearance, communication? This, you can know indirectly by what your husband suddenly starts complaining about. His complaints will be his reasons for going out because that is where he gets satisfied.

- Ask him out. Take him out and have a true-talk with him. Be frank and sincere, open and be down to earth. Appeal to his conscience without showing desperation and without begging.

- Use your leverages. One of the major mistakes wives do is failure to use their leverages when they have the opportunity. You have known your husband for years, you should know his strengths and weaknesses. You made him fall in love with you and he even married you. Get back to those things you were doing before which you have abandoned. Let him be crazy about you.

- Soul Searching. Search yourself. What are the things you did that contributed to your husband's misbehavior? Critically check your dressing, cooking skills, habits, communication, romance, bedroom life, your relation with your husband, affection, and attention. Your husband is totally responsible for his character failure and I am not blaming you for it. But please, check what you have done to contribute to his moral laxity.

- Give him your attention. Create more time to be with him. He is like a sick child, he needs attention to get back on his feet.

- Love him absolutely. If you want to wait till the time he becomes better before you love him, you may never win him. Love him and care for him. I know that it is difficult but God will help you if you ask for His strength. Let your love overwhelm him.

- Boost his confidence. Most men in affairs lose their confidence when they are caught. This make many of them go into drugs, alcohol, or deeper into the affair.

Help your husband, tell him you still respect and honour him. Tell him you still value him. Tell him you have forgiven him. Tell him you believe in him.

- Spread the sunshine. Be fun to live with. Crack jokes, play with him, motivate him and let him enjoy having you around.
- Spice up your sex life. Since sex is the pinnacle of both marriage and affairs get back to the bedroom. Have sex like a girl not like an old woman. Like a 'babe' not like a 'madam'.
- Pray. Your greatest weapon is prayer. With God nothing shall be impossible; you can get your husband back. Just pray.

CHAPTER 14: HOW TO IMPROVE YOUR MARRIAGE AND AVOID MATRIMONIAL BOREDOM

Lack of improvement or boredom in marriage is one of the major reasons some men cheat on their wives. Unfortunately, most wives do nothing to improve their marriages or avoid routines that lead to boredom making their husbands get tired of them.

It is essential that I intimate you on how to improve your marriage, become a better wife, make your home a place your husband longs to be and a place of rest for you.

1. Be committed to change. The only thing constant in life is change; you were not cast in a marble. You can change and you need to change.

Be committed to change and make yourself open to change. Change your actions, reactions, characters, habits, dressing, etc, note, I am referring to positive change. If your husband complains about any area of your life, see it as an opportunity to improve your marriage.

Remember, a wise woman builds her home.

2. Improve your communication. Speak to him with respect; avoid curses, abusive words and nagging. Do not be too much of a talker.

Always speak the truth in love. Avoid lying to him because such habits are difficult to erase when started. The destruction of most marriages start from the tongue; be careful how you use it. Avoid criticism, condemnation, and don't be judgmental. Rather be kind with your words, motivate him, appreciate, commend,

celebrate, pray for him and apologize when you are wrong. You can't win a man and keep him to yourself with a bad tongue.

Do not dominate conversation, no matter how much you know, allow him to take the lead in conversations.

3. Do something new. Be creative; make new dishes, decorate the house differently on regular basis, improve your mode of dressing, buy new things and break routine. Remove boredom; spice up your marriage.

4. Surprise him. Everybody loves surprises. This could be expressed in gifts, performance on bed, or even an unexpected date. Do not forget to give him a surprise birthday celebration. Surprises are not only beneficial to the man, but to the wife as well because at that moment everyone is happy.

5. Smile often and laugh to his joke. It has been proven medically that it pays more to smile than to frown. So why put pressure on your health by frowning. Enjoy cracking jokes with your husband even if the joke sounds stale. No man likes to spend time with a moody woman, be wise.

6. Respect him. If you feel your husband is not worthy of respect, why did you marry him in the first place? You need to make your husband your lord; treat him as a king that he is. Don't try to prove that you know too much especially in the presence of your children, neighbours, friends or even your family members. Other women are known to handle their "catch" delicately, giving the man a sense of respect. Unfortunately, some women respect other men than their husbands. Be a different lady, respect your husband, and do not wait for him to earn his respect; go ahead respect him.

7. Take care of your appearance. How does he want you to look; is he really satisfied with your looks? What is his definition of a beautiful woman, do you match that picture? Remember, men are moved by what they see. If you do not look like the lady he admires, you may lose him. Do you need to slim down a little? Do you need to improve on your appearance? Can you dress better? I believe you can. Improve on your looks and dress sense without looking immoral. Be meticulous about your colour combinations; no awkward colour. Wear very good and sexy night gowns for your husband. Maternity gowns too can be fashionable and trendy not the one that will look as if you are wearing a parachute. Under wears must be clean, new and modern. Be wise, win and keep your husband.

8. Befriend Him. Don't sideline yourself as being just a wife; be his best friend. Chat with him, play with him, support him, defend him, be his fan, be there for him, celebrate his strengths, cover his weaknesses, let him be very happy married to you. Let him be able to trust you and confide in you.

9. Add romance to your life. One of the major problems with wives is that, they have become romantically bankrupt. In most cases, when the wife becomes pregnant, she loses her sense of romance towards her husband. Some begin to divert their attention to their children in the name of caring for them. This is vital because strange women are known to be very romantic enough to outdo the wife and make the man to forget her (the wife) forever, to improve your marriage reconnect with your girlish instinct of romance.

10. Celebrate special days. Celebrate his birthday, your wedding anniversary, father's day, valentine or any other day; ignite the spirit of celebration in the home. This can be achieved with good food, music, dance and good sex. Let him always look forward to special days.

11. Spice up your sex life. Understand his need in the bedroom. Strive to meet these needs. I will be devoting a whole chapter to the issue of sex in marriage, and I will advise you to get this book from my wife and I for yourself - SECRETS OF AN IRRESISTIBLE WIFE. Get this for both of you-SEXUAL FULFILLMENT IN MARRIAGE and this book for your dear husband-SECRETS OF AN IRRESISTIBLE HUSBAND. You can get them on Amazon.com, or wherever you get this book.

CHAPTER 15: YOU, YOUR HUSBAND AND THE HOUSE MAID

It is expedient to stress here that house maids can be a source of family destruction as they become sexually involve with their master. Hear what the Bible says,

“For there things the earth is disquieted, and for four which it cannot bear.

For a servant when he reigneth, and a fool when he is filled with meat. For an odious woman when she is married and a hand maid that is there to her mistress.” - Proverbs 30:21-23

A house maid can cause trouble in the house; please do not hand over your Abraham (your husband) into the hand of Hagar (your maid). That was the mistake Sarah made which the world is yet to recover from today; the war between Arab and Israel- children of Hagar (Arab) and children of Sarah (Israel).

Many women are making the same mistakes today; handling their husbands into the hands of maids.

How can you hand over your maid to your husband?

- When you hire a housemaid who is far more beautiful than you are.
- When you employ mature, fully breasted and marriage ready housemaid
- When you hire a maid without having a separate room for her, she customizes the living room. At times she could sleep half-dressed or even naked with or without intentions to seduce your husband.
- When you travel often leaving her at home alone with your husband and children.
- When you give her your old dresses to wear
- When she cooks for your husband and even serves him.
- When you are too harsh on her, making life terrible for her, she can fight back by seducing your husband.
- When you give her your under wears and that of your husband to wash.
- When you give her access to your husband's room, to clean and lay the bed.
- When you sexually deny your husband.
- When the maid dresses better than you.
- When you allow her to wear skimpy and sexy dresses.
- When you allow her alone to do the house chores, taking over your wifely duty. She cooks, cleans, do the dishes, washes the clothes, serves the food, cleans the room for your husband, he may not see anything wrong in sleeping with her. If she is good in the kitchen and every other areas who says she cannot be good in the bedroom.
- When you fail to take care of your body, looking fat and shapeless.
- When you are dirty and unclean
- When you fail to pray fervently before employing a housemaid.
- When you become difficult, wicked and uncontrollable.
- When you allow your maid to know all your family secrets.

- When you employ a sexy housemaid, seductive with low moral value and with lots of sexual experience.

HOW TO PROTECT YOUR HUSBAND FROM YOUR MAID

Read this section carefully, trust you will take appropriate actions where necessary. House maids are similar to in-house enemies. They can be difficult to handle and have almost 70% ability to snatch the man if the woman is careless.

WHAT TO DO:

1. Except when absolutely necessary, hiring a maid should not be your priority.
2. If you must hire one, a full grown maid is not a good idea.
3. Do you think this girl is prettier than you? Then don't hire her; that could be the dynamite housemaid who is set to destroy.
4. Any girl who is physically good looking (sexy) or even sexually exposed is not the one to employ.
5. Intense and adequate prayers cannot be overemphasized when considering employing a housemaid.
6. Many housemaids are diabolical; consider taking yours for deliverance services.
7. If all your children are male, go for a male house help
8. **DON'T EVER COMMIT YOUR KITCHEN INTO THE HAND OF YOUR MAID.**

It is your duty to cook and serve your own husband, not the work of your maid. If you are a virtuous woman then proverbs 31:15 should be your driving force. "She riseth up also while it is yet night, and

GIVETH MEAT TO HER HOUSEHOLD and A PORTION TO HER MAIDEN". (Proverbs 31:15). This woman feeds her family and the house help not the other way round.

9. An extra room is essential when deliberating on matters of a housemaid. Your house help should never be allowed to sleep in the sitting room.
10. Go for a day-time nanny. She does not have to sleep in your house because

she has a resumption and closing time just like a regular job 11. Once your maid is blooming (fully grown, mature and beautiful), let her go!

12. Don't maltreat your maid; you are only privileged to be her mistress. You could have been in her shoes.

13. Avoid giving any old cloth your husband once admired on you to your maid. This will give her an appearance similar to yours. This way, your man may mistake her for you and transfer the affection meant for you to her. Be wise; buy her own clothes for her.

14. The key to keeping your home is being at home. Minimize your travelling spree.

15. Enforce decent dressing in your house at all times. A young sumptuous lady squandering around the house wearing a skimpy dress or tying a towel loosely around her waist is a temptation to your husband.

16. Be a good wife; let your husband enjoy your company at home.

17. Never give your underwear or your husband's own to your maid for washing. Be wise.

18. Your bedroom is a no-go-area for anybody, let alone your maid. Don't send her on errands that require she brings anything from your room.

19. Satisfy your husband sexually. A man with an unfulfilled libido is dangerous to himself and any woman around him.

20. Keep your dressing up at all times. Never dress like an old woman.

Make sure you dress better than your maid. Look neat, romantic, fit and clean.

21. Give your husband peace at home; let him be happy to remain your husband.

22. Do not be blind; know when your maid is becoming too close to your husband.

23. When your husband becomes rude to you overnight, there is a reason; you need to find out.

24. If your husband starts defending your housemaid anytime you want to punish her, beware!

25. If you notice that your husband loving, caring and generous to the girl, he

might have been entangled already.

26. When the man becomes unusually harsh to the girl, the girl may be seducing him or the man is bored with sleeping with her.

27. If your maid becomes rude to your husband, there is something fishy going on

28. Pray for your husband regularly. Offer prayers of protection to God on his behalf

CHAPTER 16: SIGNS THAT YOUR HUSBAND MAY BE DATING YOUR FRIEND

Men generally are likely going to have affair with a woman close by or a woman close to him alone at school, office, church, an ex girlfriend or a wife's friend. There are situations where wives' friends take over their homes. It is the highest level of betrayal. It is every wife's worst nightmare. Hence, you need to do everything to prevent it. First, you must know how to detect it before it destroys your home.

1. Your friend is closer to your husband than to you. Whose friend is she? Yours or his? This is a sign that something is about to come up

2. Do come home when she knows it is only your husband that is at home, she may be trying to get the attention of your husband

3. Your husband is always on her side when you fight

15. She develops unusual respect for your husband.
16. You caught her several times admiring your husband.
17. Your husband mentions her names accidentally when discussing with you or does call her name when making love to you.
18. She travels whenever your husband travels, that may be pointer to the fact that they travel together.
19. He buys gift regularly for her.
20. She buys gift regularly for your husband
21. She knows the size of your husband shoes, shirts, suit or maybe underwears.

31. She enjoys pornography, sex films, alcohol and she is on drugs.
32. Your husband tells her intimate things about your marriage.
33. She complains regularly how bad her husband is sexually. She masturbates and she is known to have ended at least one affair.
34. Your husband tells you not to make her your friend again, he may have his reason which he may not tell you.

Please note that seeing any of these signs does not automatically mean your husband is sleeping with your friend, it may just be a pointer to you that you must be careful and watchful.

CHAPTER 17: HOW TO PROTECT YOUR HUSBAND FROM YOUR FRIENDS

You need to learn how to protect your husband from your friends and people close to you by doing the following:

1. Do not trust any friend so much that you will commit your home into her hand in your absence, it is dangerous.
2. Pray against wrong friendship
3. Be observant without being suspicious; do not be careless.
4. Avoid sharing stories of your sex life with your friend. (Never tell anyone how good your husband is in bed). They may want to have a taste of his ability to your detriment.
5. Never tell your friends how rich your husband is or how much he gives you monthly, this may entice them.
6. Avoid telling your husband how good your friend is avoid referring to her strength, cooking, beauty or dress sense.
7. Don't ever give your friend the impression that your husband is generous (always willing to give)

8. Don't ever encourage your friends to travel with your husband when you are not there.
9. Don't encourage your friend to wear skimpy dress in your house.
10. Do not encourage your friend to sleep in your house.
11. If they must sleep in your house. Do not encourage wearing of sexy night wear, wearing of towels round the house or sleeping in the sitting room or sitting carelessly to expose the thigh, breast or buttocks.
12. Avoid sending your husband to her as much as possible.
13. Avoid leaving her at home with your husband.
14. Do not encourage her to cook for your husband, lest your husband love her cooking more than your own.

CHAPTER 18: HOW TO HANDLE YOUR HUSBAND'S FEMALE FRIENDS

Some husbands due to the nature of their work will have a lot of women around them. Husbands that work in offices will have female colleagues that will be their friends, while those in business world and politics will have women that are close to them.

Through this chapter, you will be able to know your husband female friends who are just friends or something else.

Please Note That:

- It is not every woman that is close to your husband that is sleeping with him. No, don't allow suspicion, jealousy and insecurity to destroy your marriage; be wise.
- Realize that in order for an individual to keep sanity and remain calm; friends are needed. Getting married does not mean the end of all other relationship. Be wise, do not be unnecessarily agitated.
- Unless you have concrete evidence like taped phone conversation, receipts, credit card statements, incoming or outgoing call logs, etc; do not jump into conclusion that your husband is sleeping with his female friend, avoid rumour as much as possible.

- Allow your husband to explain his actions before you conclude.
- Stop jealous thoughts, it may become too strong that you will start to misbehave
- Do your best at home to be his best friend, so that he will have no need of looking elsewhere for companionship.
- Stay calm, no matter what people tell you, trust your husband unless there are concrete reasons not to do so.
- Keep the communication channels open; don't keep hurts to yourself.
- Stay connected to God who will help you keep your home.
- Break every wrong relationship your husband is keeping on your knees and make a canopy of fire round your husband.

CHAPTER 19: RE-INVENTING YOURSELF FOR A BETTER MARRIAGE

Many women act their best before the wedding but give their worst afterwards. At times, you are left to wonder what transformation the once beauty queen is undergoing after the birth of the first child. This is one of the reasons many men give for going 'outside' in search of a newer experience. According to them, the woman they married is not the woman they are living with. Therefore, any woman who wants to keep her husband and protect him from strange women **MUST RE-INVENT** herself now!

Don't give allowance for any strange woman to take over your home. Go all out to become a better wife by doing the following things:

1. Re- engineering your mind. Work on your mind. Believe in yourself.

Deal with low self-esteem, fear, doubt, pride, malice, etc. Break free from negative thinking. Think right, think well, become a better wife; a woman of faith. Believe in yourself and what God can do through you.

Believe you are beautiful; look at yourself in the mirror and glorify God for the wonder He created you to be.

2. Re-ignite your love for God. The best thing you can do to yourself is to re-ignite your love for the Almighty God. Deal with lukewarmness, prayerlessness and spiritual inactivity. Go back to the place of prayer; spend

hours praying daily, study the Bible, fellowship with other people of God and build a strong quiet time. Do not joke with it; take your spiritual life serious.

3. Re-organise your life. To keep your home intact, you must live a balanced life, you must re-organise yourself. You must balance motherhood, wifely duties and your career. If you succeed in your career and motherhood and fail in your wifely duties, it will be difficult to protect your husband from wolves in women's clothing. To keep your own man, do not just be good at work. Be solid in the kitchen and be terrific in the bedroom. Plan your life. If you have no time for your husband, a woman who needs him will make out time for him.

4. Re-brand Yourself. Companies know the power of re-branding their products as a way of retaining old customers and winning new ones.

Your husband is your only 'customer', you must continue to brand and re-brand yourself to win and keep him. Assess your dressing; look at the way you are dressing, is it making you to be younger or older? Are you looking like your husband's grandmother or his girl friend? Is he happy with your outlook? Are you looking younger or older than your age? Look nice, smell nice, look young, look smart and beautiful. If you must win your husband and send strange woman away, that is the key.

5. Update yourself. Improve yourself. Be at the same level with your husband; but be current, and up to date. I asked a wife whose husband gave his reasons for a divorce. When asked according to him, she "is too local, backward and primitive". He said "she is not improving at all", The woman denied the allegation. I asked her to give me her husband's e-mail address, and she said www.libra. I thought she didn't hear what I said so I asked her again. She insisted that the e-mail address was correct. It was then I knew that she did not know the difference between e-mail address and website despite being a university graduate. Every man wants a wife who will interact with him in this 21st century on the same level, not a woman with 17th century ideas. Don't be a "Stone Age" woman Wake up! Gone are the days when women only talk about baby making, in-laws, fashion,

cloth style and bags. Real women are now talking about stock market, sports, finance, politics, governance, current affairs, etc. These are the women who can connect with their husbands and keep them at home.

Most husbands don't talk to their wives because they know close to nothing about what interests them. All they know are diapers and gas cooker.

Be different. Learn, be better and be the best.

6. Connect with your husband. Stay connected to your husband. The stress of motherhood can make a woman disconnect from her husband. When disconnected, they treat their husbands with distrust.

This should not be so because once the kids grow, they will get married and leave. You will then be left alone with a husband you are disconnected from. Don't discard the soft touch of romance because of pregnancy; breastfeeding your baby is not an hindrance to loving your husband and treating him as the king he is. Create room for playfulness, romance, bonding, communication and intimacy whether you are pregnant, nursing a child or not. Don't abandon your husband because of motherhood. It will not pay you! It will only open the door for the other woman to take over your husband.

CHAPTER 20: GIVE SEX A PRIORITY IN YOUR MARRIAGE

You cannot win your husband with a tight bra and zipped up skirt. You cannot make him yours alone with a worn pant. You have to fulfill his bedroom desires if you want him to fulfill your desire for fidelity and faithfulness.

A marriage without sexual intimacy is just a love arrangement. A woman who cannot fulfill her husband's desire in the bedroom is just brewing pains and agony for herself tomorrow.

FACTS YOU NEED TO KNOW

❖ Men generally love sex. Your husband, like every other man, wants sex. So, don't think his demand is strange or too frequent.

Your father did the same to your mother (ask her) and your son will do the same to your daughter-in-law (that is the truth).

❖ Men are passionate about sex. Men see sex as something more than intercourse. To them, sex is the following:

- Expression of manhood.
- Boost of ego.
- Ultimate enjoyments.

- Way of bringing down stress.
- Way of exercising their headship.
- It is a way of ‘conquering’ their wives.

So, atimes when you deny him sex, he sees it as a challenge of his authority, rejection of his headship, confrontation of his leadership, bruising of his ego, and blocking his way to ultimate enjoyment.

❖ He faces sexual temptations daily. You may not really understand the temptation your husband faces daily, but, you need to be aware of it. If you are fond of denying him sex, you may as well be preparing him to fall into temptations.

❖ Nothing satisfies a man like sexual fulfillment. If a man says,

“My wife is a great woman”, check the bedroom. I am yet to meet a man who is in a sexless marriage. So before you can be called good, improve your performance in the bedroom.

❖ He wants you to be involved in foreplay. Most wives think foreplay is the man’s duty and they have nothing to do as far as this is concerned. Your husband will definitely be satisfied if you can get involved in your sexual act from foreplay to afterglow.

❖ Strange women are always generous sexually. They know the power of sex and they use it maximally. They know that a good performance in the bedroom will make a man to keep coming.

Hence, they do their best in the bedroom to make the man forget his wife.

WHAT TO DO

1. Change the way you see sex in your marriage. In our book: **SEXUAL**

FULFILLMENT IN MARRIAGE, we wrote about 40 different myths people have in marriage. Your mind is your strongest sex organ as a woman. Until you release your mind to have sex and enjoy it with your husband, you will always fight and ultimately open the door for the other woman in your marriage.

2. Communicate with your husband. Ask him what he wants. His sexual desires, what he expects from you in the bedroom, how to satisfy him, etc. One

talk about it. Everybody bottles up his or her desires, hurts, expectations; yet they expect that the other party should know without telling them. Go ahead, open your communication channels is needed.

3. By all means improve. Improve your foreplay skills also be creative during intercourse. For instance you cannot be lying on the bed like a log with your eyes and mouth closed then expect you would keep your husband forever.

4. Get a good night gown. It is holy to wear nighties. When you are going out, dress up but when you are going to bed, “dress-down”. Be romantic and seductive when you are with your own husband.

5. Be appealing. Your outlook can turn your husband on. Is he complaining about your weight? Stop arguing with him and do something about it. Stop giving excuses that God created you in that manner. That is not true; appear nice to him and for him.

6. Give him feedback. Send a text message or e-mail to him to appreciate him for good ‘performance’ of yesterday. Advise him to delete the feedback after reading.

7. Get wisdom. Read good books that will improve your knowledge on marriage, love, sex and romance. I will advise you to get the books listed at the back of this book.

You need all these books to equip yourself, you cannot be better than your knowledge; get better now.
